## UPDATED RESULTS & RECAP OF 2013 TWC SPRING CLASSIC SUP EVENT

FULL RACE RESULTS HAVE BEEN POSTED - Skip to the bottom of this article for results.

On Sunday May 26, we held our 2nd annual Spring Classic race and SUP event. This year we also included surfskis. We had a turnout of 48 total racers, 12 of which were surfskis.

We were fortunate to have beautiful sunny skies throughout the day. However, we also had brisk NW winds. At race start time, the winds were 12mph and gusting to 20mph from the NW.

The Long Course was set to take "advantage" of these winds. We started just off the beach in front of the clubhouse and headed for the red T8 buoy in the Eastern Gap. This was a 1km leg with variable but not too strong winds coming from the right - since they were sheltered by the trees on the beach. We then headed straight downwind for 0.8km to a marker set right before the Leslie St. Spit - that was the fun part of the course, as there were some nice little bumps to catch. The 180 degree buoy turn just off the Spit was in shallow water and resulted in some interesting chop to deal with while turning. Then it was the challenging upwind leg back to the Gap before heading along the beach back to the start for another lap. Total distance for 2 laps of the Long Course was 6.6km. The downwind/upwind legs added interest and challenge to the course but there were a few racers that had a hard time dealing with the upwind leg. 26 racers started the Long Course on SUPs and 21 finished. 12 surfskis started and finished the Long Course.

The Short Course was from the Clubhouse to the Eastern Gap and back which was a 2km course. It was relatively sheltered from the NW wind, except for the last 150m which were exposed to the wind in the Gap - so the Short Course racers got some interesting conditions of their own as they had to complete a 180 degree turn around the T8 buoy in wind and chop. This year we decided to limit the Short Course to 1 lap in an effort to attract novice racers that could be tempted to give the course a try. We probably did attract some of these racers but some more experienced racers doing the short course were asking for a longer course. Maybe next year we'll go with a Short Course of about 4km or so. 10 racers started and completed the Short Course on SUPs.

Larry Cain and Jessica Rando were the overall male and female winners of the Long SUP Course. Larry and Jessica were the winners of the Dane Miller Memorial Trophy presented by Mike Fekete of KayakSport Canada. Paul Hoo and Jodi Fowles were the overall male and female winners of the Short SUP Course. Jakob Vandarp and Alexandra Ferguson were the overall male and female winners of the Long Surfski Course. Jakob and Alexandra were also winners of the Dane Miller Memorial Trophy in the surfski class. A special mention should be made of our junior racers Emma Zoldy (age 11!), Kadan Johnson (age 13), and Isaac Clapp (age 15) - all in the surfski class.

Following the races, KayakSport Canada, the sponsor of the event, gave away an abundant selection of very nice draw prizes - including several carbon paddles, full wetsuits, pressurized hydration packs, and other goodies. Mike Fekete's daughter donated 20 hand-made necklaces to all the female competitors. Hammer Nutrition also contributed Hammer bars to all racers.

Lunch proceeded next with a BBQ on the grass in the sun.

Larry Cain delivered a great clinic on SUP technique. Who would've thought you could be fixated on the subtleties of how to develop a better SUP stroke for over an hour! Even that wasn't enough as several

people were requesting a more in-depth follow up clinic with personalized video recording and feedback. Let me know if you're interested in a half-day or full-day clinic with Larry and we'll try to organize a group. Finally, KayakSport Canada brought out a great selection of their inflatable SUP boards to demo during the event and BluWave also had their boards available on the beach.

Please email me if you have any comments on the day or the race - what worked well and not so well. My email: [michael.s@twsc.ca](mailto:michael.s@twsc.ca)

Our next big race will be the Mammoth Marathon windsurf and SUP race around Toronto Island in September. It's one of the most scenic routes for a Lake Ontario SUP race and has a mix of interesting conditions. Watch this space for updates.

We'll also be hosting our annual Boardfest event on Sunday June 9. We're planning on having a number of SUP exhibitors showing off their gear and services on that day (as well as windsurfing exhibitors).

Thanks to all the volunteers that made the day possible and a great success - including: Jenny, our Volunteer Coordinator, who organized the volunteers and led the charge on food prep along with Angie Abe. Masao Abe and Mihai Cotop, who handled the BBQ for the whole event. Jack Feder who brought and cut up watermelons. Chris Hope, who's experience with the details of inflating and laying buoys and driving the boat was invaluable. Chris Hebert and Henry Haiduk, who handled racer registration and results recording. Mike Howes who helped shepherd the beach activities. John Darling, who cleaned up the grounds before the event. And Bartek, who did a ton of work cleaning up the clubhouse before and after the event as well as taking care of a lot of the unassigned details that popped up during the day. I'm sure I've missed a few names so please accept our thanks as well.
